Creator-led Go-to-Market: Turn Distribution into Acquisition

Presented by: Ishika Sharma

100+

Live, expert-led classrooms guided simultaneously

80%

Completion rate driven by the quality of creators leading the room

Performance Metrics

The Creator Health Score (0–100)

A monthly check-in to measure creator impact across four vital areas.

Tailored Support Pathways

Providing the right kind of support based on where our creators are in their journey.

The Star

- Celebrated across the Airblack platform
- Given priority for new course launches
- Exclusive premium brand partnerships
- Awarded revenue-share bonuses for great work

Doing Well

- Maintained on a steady growth path
- Supported with regular monthly check-ins
- Early access to new industry trends
- Tools provided to keep classes consistently exciting

Struggling

- Immediate active support and intervention
- Directly paired with a "Star" creator mentor
- Collaborative sessions to refresh stale content
- Focus on rebuilding classroom energy

At a Crossroads

- Temporary pause on launching new classes
- Placed on a structured 30-day improvement plan
- Intensive focus on improving teaching technique
- Clear re-evaluation milestones before returning

The Growth Flywheel

The Virtuous Cycle of Growth

When we take care of creator quality, it triggers a compounding cycle that drives student success, fuels organic acquisition, and attracts top talent.

Incentive Alignment

Aligning Rewards with Student Progress

We ensure our incentives reward the behaviors that make a tangible difference for our learners.

Great Ratings

Achieving exceptionally high student satisfaction scores.

Revenue-Share Bonuses

Earn direct financial upside and bonuses for delivering an outstanding classroom experience.

Student Income

Guiding students to successfully start earning money post-course.

Top Creator Status

Get featured prominently across the entire platform to attract more learners to your classes.

Reliability & Preparation

Consistently arriving on time with fresh, updated, and engaging content.

Premium Brand Partnerships

Unlock exclusive opportunities to collaborate with leading external industry brands.

Empowering the Next **200M** Microentrepreneurs

Strategic Growth Initiative: Integrating the Zudo-to-Airblack Funnel

Transforming the warm learner funnel into a
highly predictable, zero-CAC growth engine

10 Lakh+

Active Zudo learners in the existing ecosystem

₹0 CAC

Targeted customer acquisition cost for new conversions

Integrating the Zudo-to-Airblack Funnel

⚠ The Problem: Siloed Products

Currently, two successful platforms operate with no cross-product prompts or data tracking:

Zudo: 10L+ active learners, 880k monthly downloads

Beauty Club: 35,000 paying members (₹15k avg. fee, 80% completion)

☰ 3-Step Execution Plan

- 1

Product Sprint
Launch 2-week sprint for in-app prompts in Zudo triggered by course completion.
- 2

Conversion Seed
Run monthly free "taster" DIT sessions for top learners to drive paid enrollment.
- 3

Data Infrastructure
Build Metabase funnel to track journey from Zudo completion to Beauty Club.
